## Channel Status

| C1             |                       |
|----------------|-----------------------|
| <i>V / Div</i> | 10.0 mV               |
| <i>Offset</i>  | -1.00 mV              |
| Vertical       | <i>Coupling</i> AC1MΩ |
|                | <i>BW-Limit</i> 20MHZ |
|                | <i>Probe</i> 10       |
|                | <i>Sweeps</i> 1 #     |

## Acquisition Status

|            |                   |              |                      |                |
|------------|-------------------|--------------|----------------------|----------------|
| Horizontal | <i>Time / Div</i> | 10.0 ms      | <i>Sampling Rate</i> | 25.000000 MS/s |
|            | <i>Time / Pt</i>  | 40.000000 ns | <i>Sampling Mode</i> | RealTime       |
|            | <i>Pts / Div</i>  | 250.0000 kS  | <i>Trigger Delay</i> | 45.0 ms        |
|            | <i>Mode</i>       | Stop         | <i>Slope</i>         | Positive       |
| Trigger    | <i>Type</i>       | Edge         | <i>Level</i>         | 40.9 mV        |
|            | <i>Source</i>     | C1           | <i>Coupling</i>      | DC             |
